Regarding the tobacco sales over the loose leaf floors in Owensboro, on Monday, the Owensboro Messenger says:

"There were only 83,575 pounds of tobacco sold over the loose leaf floors Monday, this being one of the smallest sales of the season. The tobacco was of good grade, however, and the average was \$9. The quality of tobacco at the west-end houses was better than at the houses in the eastern part of the city."

"Heavier deliveries are expected to-day, as a good many farmers will probably bring tobacco to the market in order to get money for Christmas. The market will close at the end of sales Wednesday and remain closed until next week."

"The highest price paid for tobacco Monday was \$38. There were several baskets which sold for over \$30. The highest average for the day was \$10.62 made at the Owensboro house on 38,680 pounds. The Birk house sold 16,595 pounds, for an average of \$8.73. Henderson Average \$6.98."

CHRISTMAS TRADING IS BRISK

Local Merchants Enjoying Good Holiday Sales; Parcel Post Business Good.

Christmas trading has been brisk with the local merchants in the last few days. Saturday there were many country people in to do their Christmas shopping, and in order to give them the best of attention the merchants are anxious for the town people to shop early in the day. Monday was another busy day, but the rain on Tuesday kept many of the would-be shoppers at home.

In spite of the general complaint of "hard times" there is evidence that some are still enjoying a bit of prosperity. At one of the leading drug stores where they handle a special line of jewelry, four diamond rings, ranging from \$32 up, have already been sold with outstanding orders for more. Handsome gaskets filled with candy have sold like "hot cakes," and so on with the more practical gifts which the various stores are offering. Another reminder of pre-war times first ones since the war. The ale of is the imported dolls. These are the dolls is always good and this year they are selling as fast as they are brought out on display.

One of the biggest evidences that Christmas is at hand is found at the local post-office where the parcel-post business increases with every mail. Altho Postmaster Lightfoot states that the amount of mail that goes through his office is about the same as usual.
